■授業時間外学習（予習・復習）の内容(Preparation/review details)

Students should be prepared to take notes in class and write down new words. They should prepare for lessons in advance by reading over the text and checking vocabulary. Reviewing after class is equally important as is recycling newly learned words and phrases into future lessons. Using what you learn as often as possible is the very best way to remember it. Preparing and reviewing for about 30 minutes will be necessary for each lesson. Students should spend at least 1 hour a week on studying English.

■課題とフィードバックの方法(Assignments/feedback)

We will review the main points and vocabulary of the previous lesson and preview key words and structures from the upcoming one each time. Assignments will be given every other week so that the students can practice their English at home. There will be a face-to-face oral short test every month.
